### Information for delegates

Dear colleagues

ESTS wishes to announce a new initiative for 2016 in Naples.

We wish every aspect of the Conference to have an educational value for you.

With this in mind we have managed to arrange, in Partnership with our Industry colleagues, training sessions at the Exhibition space.

This is a unique opportunity to book an available slot at an Industry booth and experience the latest technology and medical devices available.

These slots come free of charge and give you the privilege of having a one to one tutorial and practical skills on new technology.

If you wish to book such appointment please follow the available link

We do hope you find the experience useful

### Industry partner information

Surgical staplers and stapling products enable surgeons to handle the broadest range of tissues and applications with outstanding clinical performance.

### **SUPERDIMENSION™ NAVIGATION SYSTEM**

Electromagnetic Navigation Bronchoscopy (ENB) procedures are a minimally invasive approach that accesses difficult-to-reach areas of the lung, aiding in the diagnosis of lung disease
